The individual or organization need not be a member of the state Chapter but should have some presence in the state of North Dakota.

### **Professional Award**

The Professional Award is presented to an individual directly involved in the field of soil, water, and natural resource work. The individual recognized by this award is generally a Chapter member, but this is not a requirement.

### **Business Stewardship Award**

The business does not have to be a member of the Society.

### **Horizon Award**
