

PURPOSE

The Foundation was created in 1995 to provide financial and professional support for the mission of the Soil and Water Conservation Society in North Dakota. The Foundation's purpose is to promote and support special activities in education, and public information.

FINANCIAL SUPPORT

The Foundation encourages financial support from everyone who wants to invest in the future of our soil, water, air, plant, animal and related resources -- our renewable natural resources.

Activities and programs supported by the Foundation include, but are not limited to:

- * Youth conservation activities
- * Public seminars on natural resource issues
- * Academic scholarships for natural resource education
- * Educational workshops, programs and activities

FOUNDATION PARTNERSHIP

As a partner of the Soil and Water Conservation Society, the NDSWC Foundation provides funding to enhance and expand the programs, projects and services of the Society. A monetary gift or endowment to the Foundation is an investment in conserving soil, water and related technologies that help North Dakota manage its natural resources.

Lend a helping hand.

YOU CAN HELP

There are many ways you can support the Foundation. Cash gifts are always welcome. It is possible to specify a single purpose for the donation, such as scholarships or general program needs.

Memorial and Tribute cards are available to express your feelings to others while supporting the Foundation purpose.

Memorials, contributions for special occasions and tax advantaged gifts are appropriate ways to help. You can also designate the Foundation in your will, or as a beneficiary of your life insurance policy.

The Foundation will accept real assets, such as land, and stocks and bonds. These donations may have some tax advantages. Your financial planner can help you.

To offer your support to the Foundation, please complete and return the attached form. A board member will contact you.

HOW CAN I HELP?

I am interested in investing in conserving the natural resources of North Dakota through support of the North Dakota Soil and Water Conservation Foundation.

I would like to give in the following ways, as indicated by check mark.

- Cash
- Memorials
(Memorial and Tribute Cards Available)
